The year 2012 marks the earth's alignment with the sun and the center of the Milky Way. This is a rare astrological event that only occurs once every 26,000 years. Because of this it has also been predicted to be the end of the world but it has also been predicted as the beginning of the Golden Age – The Age of Aquarius. The Ontario Hostelry Institute sees it as a year in which we revitalize and restate our dedication to the industry through **Giving Back by Investing in the Future.**

The Gold Awards Dinner is our industry's marquee event in which we, the industry, have the special opportunity to do just that – Giving Back by Investing in the Future. The OHI Gold Awards Dinner is not only our opportunity to honour our industry luminaries who are excelling in our industry but it is also an opportunity to raise the necessary funds for the OHI Awards program where exceptional and enthusiastic hospitality and foodservice students receive funds to continue and expand their education. These are very people that will lead our industry into the future.

Let's not wait another 26,000 years – commit now – join your industry peers and our future leaders and attend the OHI's 2012 Gold Awards Dinner and **Give Back by Investing in the Future!**
